A NOTE FROM THE BOARD

A NOTE FROM THE PRESIDENT

Please be advised that the board has been working on several issues. We are all concerned over the front entrance, the sign, shrubs, flowers and irrigation. The sprinkler system at the front entrance has not been working correctly and Ron and I have both attempted to make repairs to the sprinkler system. At our last board meeting we decided to have everything contracted. I have contacted ProScape (our current landscaper) several times in an attempt to obtain a quote for the repairs to the irrigation system, stump grinding and have the shrubs and flowers replaced. They have only responded once and never returned my calls after that.

As far as the sign goes – well that is another story. The sign is complicated, it was fabricated from a material called “Avonite” and seems to be very hard to repair (Avonite is commonly used for counter tops). I have contacted 3 vendors, including Sign King (the original maker of the sign) and have had little luck with the repair end. Sign King would not reply. One vendor said he would attempt to repair the sign but we (The Board) would have to sign a waiver because he did not want to be responsible if he damaged it. The sign is constructed in three sections and is very expensive to replace, approximately \$125.00 a square foot, minimum. He suggested we try to polish out the sign with a counter top spray such as SCI. The third vendor I contacted suggested we change the signs out all together. They are suggesting we replace the sign with an aluminum sign. Their reasoning is that the aluminum will last longer with little maintenance, cost is about \$3600.00. Every vendor told me that the Avonite sign will always have problems.

If anyone is interested in assisting with the issues please contact me gframo@cfl.rr.com.

Neighborhood Watch Notes

Hello Neighbors,
It's been awhile but here are a couple things worth noting.

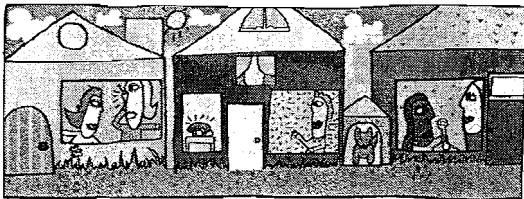

1: In case you haven't noticed, SCHOOL IS OUT! The posted speed limit on Americus Minor is 25 MPH. Neighbors are complaining about speeders on this road. PLEASE SLOW DOWN! There are children around.

2: If you don't already have a weather radio, GET ONE! They are not a major investment. I recommend a radio that can be programmed for Specific Area Message Encoding (SAME). When programmed correctly, this can avoid false alarms. What happened to Lake County can happen here. There is no excuse for not knowing what the weather is doing. If you buy a weather radio and have difficulty programming it, call me. 407-383-1567. I have three weather radios. The last two I bought were from Radio Shack. I recommend going there because they can help you understand how to program and use your radio. NWS Orlando frequency is 162.475 Mhz. If you have a police scanner, I suggest listening to 146.730 MHz. This is the Orange County Amateur Radio Emergency Service Skywarn frequency. These folks report observations directly to National Weather Service.

3: Now is the time to review your hurricane preparations. Review your employers' policy regarding hurricanes. Know exactly what your insurance company is going to cover and for how much. We still need to do the household inventory. Do you have yours? It doesn't take a hurricane to ruin your day. Do you have a plan for the power failing during one of Florida's signature thunderstorms?

That's it for this edition.
Pay attention and stay safe.

Mold and Algae

There are a lot of homes, driveways, white fences and sidewalks that need to be pressure washed to get rid of the mildew and algae. This is everyone's responsibility with regular home maintenance. If your fence, shutters or flashing needs cleaning you can mix equal parts of bleach and water, spray on the area and rinse off with your garden hose.

Backflow Information

Approved backflow assemblies – the water purveyor relies on approved backflow prevention assemblies to protect the public water system. Approved assemblies are manufactured with isolation valves and test cocks to permit field-testing to demonstrate that the assemblies are properly functioning to prevent backflow.

FULLERS CROSSING BACKFLOW TESTING IS DUE IN OCTOBER!

Homeowners have asked if the backflow can be moved from its location in the front yard to closer to the house. For information and how to move the backflow contact Kathy Wells, Cross Connection Control at the City of Winter Garden, 407-877-3029.

Board Meetings

Board Meetings are scheduled every other month. The next meeting is on a Tuesday, August 21st, 2007 place TBA. Watch for the sign at the entrance to the subdivision.

If you have any concerns that should be addressed by the board, please contact Sutherland Management one week prior to the board meeting so that it can be added to the agenda.

Minutes of the board meetings are available at Sutherland Management. If you would like a copy, just contact Sutherland Management at (407) 774-7262 ext. 101 and let them know.

Keep in mind that Sutherland Management charges for copies and postage. If you have a fax machine, ask them to fax the minutes to you.

Yard of the Month

Yard of the Month

The Fuller's Crossing **Yard of the Month** for June is Jennifer Weiter at 1061 Woodson Hammock Circle.

She received a \$25.00 gift certificate to Lowes for being yard of the month.

Keep your yards looking nice, you never know when you might be the next Yard of the Month!!

We need your help! **Committee Members Needed**

The Landscape committee is looking for two new members. We would like to get a community work day to clean and fix up the play area and common areas.

The Activities committee is looking for a chairman and new members. If you would like to help with community activities such as picnics, Easter egg hunt, etc.

The Violations committee is looking for at least two new members.

Anyone who is interested please contact Sutherland Management at (407) 774-7262 ext. 101.

Speed Limit

Please observe the speed limit in our neighborhood. It is 25 MPH and there have been many cars coming down Americus Minor Drive exceeding that speed. The police have been notified and they are running radar from time to time in our neighborhood.

ARB Forms

If you plan on painting your house, putting up a fence, adding a swimming pool, or making any changes to the exterior of your house or property (including landscaping) you need to fill out an ARB form for approval before you begin. You can call Sutherland Management (407) 774-7262 ext. 101 for a form.

Mosquito's Biting?

Call 407-254-9120 and request that the county come out and spray the neighborhood.

Grass Clippings

If you are leaving your grass clippings in the street, you are in violation of a Winter Garden city code. This could lead to a fine. The grass clippings left in the street not only pollutes our ponds but also can eventually reach Lake Apopka. Grass clippings should be swept up or blown back into yard.

Yard Waste and Trash Cans

Please do not put your yard waste or trash cans out at the curb before the night before the scheduled pick up. This is stated in our Fullers Crossing covenants and restrictions.
